

Arihant Institute of Business Management, Pune

7.3 Institutional Distinctiveness

The motto of the Arihant Education foundation is to spread the light to imparting quality education and give all-inclusive education system. We at AIBM strictly follow this tradition. The vision of the institute focusses on developing virtuous leaders and thus we are committed to create future flag bearers of industry.

IIM-Management Development Program

To fulfil this objective, we concisely create an atmosphere where our students are exposed to Premier Management Institute of India to provide an exposure and get a glimpse into the life of an MBA student at IIM. MBA students of Batch 2021-2023 were taken to IIM Kozhikode for MDP from 24th September 2022 – 8th October 2022 wherein faculty members of IIM Kozhikode discussed various concepts related to Marketing, Analytics & Business Intelligence, Human Resource, Finance, Communication etc. Case Study Methodology was used in IIM – K to discuss various concepts. The students also got chance to go for sight-seeing during this trip.

Through such kind of program every effort is made to sync vision and mission for the overall development of the students so that they can replicate the success story of their seniors and super-seniors.
